Black Tea

Darjeeling FTGFOP1 Puttabong FF **DarPutFF**

The Puttabong tea estate goes back to 1852 when the first tea bushes were planted there. This Tea Garden produces only organic teas which are grown up to 2200m. Like all First Flush Darjeelings the taste is light, fresh, delicate and flowery with a subtle muscatel flavour. Perfect for the afternoon with pastries and cakes or to impress friends and family.

Darjeeling TGFOP1 Kalej Valley SF **DarKaISF**

A medium bodied, fresh, elegant Second Flush with a light muscatel aroma. The grade “Tippy Golden Flowery Orange Pekoe, grade 1” refers to tea of the high quality, which has been most carefully produced with even leaves and tender tips.

Darjeeling FTGFOP1 Makaibari SF **DarMakSF**

This organically grown Second Flush Darjeeling is picked in July and has a darker colour and more body than the First Flush teas. The typical muscatel aroma makes this remarkable Darjeeling a great experience and an excellent afternoon tea.

House of Tea Breakfast Special - Assam BOP **HOTBSBOP**

A full, rich and malty broken Assam tea, ideal for milk and/or sugar.
